

FRIENDS (C) Dreamfield

We are singing, from the beginning
We are friends, till the end
For so long we are playing side by side

We were going, we were knowing
We would be, back and see
We didn't put us out of our minds

ooh

We were dreaming, to be musicians
Together alone, but now we know
We simply cannot make it on our own

We are writing, it's exiting
To make a song, of our own
It really is a part of our minds
