DREAMFIELD

© 12 th october 2009

Mountains are often cold ...boy this one beats all  
Trying to endure the pain , you just think:" don't complain and just stand tall.  
We hope to make it till the end , trying to make some warrior friends  
What have I let myself in for

That city is for us to take , those people cannot break those dreams  
Their army as twice as strong , this journey will be so long so long  
There is no hiding place to pray your fears away  
The worst we've already had

## **REFR:**

How did it come so far , to fight this crazy war  
How did it come so far , we all just let go  
How did it come so far , to fight this evil war  
How did it come so far , we all just let go

We witnessed these ugly scenes. The battles at Trebia and Trasimene  
A lot of our blood has been spilled , a lot of man hava been killed in these fields  
We hope to make it till the end , and survive with our warrior friends  
But Cannae is still to come  
That city is for us to take , those people cannot break those dreams  
Their army as twice as strong , this journey will be so long so long  
There is no hiding place to pray your fears away  
The worst we've already had

## **REFR.**

How did it come so far , to fight this crazy war  
How did it come so far , we all just let go

The Battle of Cannae was a major battle of the Second Punic War , taking place on August 2 , 216 BC near the the town of Cannae in southeast Italy. The Carthaginian army under Hannibal decisively defeated a superior Roman army. This battle is regarded as one of the greatest tactical feats in military history and the greatest defeat of Rome.
