

## Wait no longer

© Rico van Hooren

Take me, for who I am  
Let me, be a good man  
Forgive me, I am who I am  
So trust me, I do what I can

But I can wait no longer  
The feeling is getting stronger

I know, I waited too long  
I think, it cannot go on  
I fear, the spirit has gone  
I hope, that it will come

Cause I can wait no longer  
The feeling is getting stronger

I wish I could be strong  
I've been so shy for too long  
I live where I was born  
A place I think, where I don't belong

So I can wait no longer  
I just wanna get stronger
