

YOU DON'T COMPLAIN (C) Dreamfield

The first time that we met
I liked your chin and your neck
It reminded me of my cat
Which I took into my bed
Now you're lying next to me
And I'm feeling free
You're still my lovely girl
And I think you're wonderful

Cause you don't complain
When it's gonna rain
It doesn't make sense
When I do something else
You don't get mad
When I'm feeling sad
You never let me down

We're living in a street
Where the cats always meet
Now I know why I'm living here
And I do have no more fear
Cause the cats are my best friends
And I'm living on their land
So they will take care of me
That I will always feel free
